SUMMARY

Backend-focused software engineering student experienced in developing REST APIs, authentication systems, cloud deployments, and secure web applications. Skilled in Java, Node.js, MongoDB, Redis, AWS, and modern software development practices.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, HTML, CSS

Backend: Node.js, Express.js, REST APIs, Authentication and Authorization, API Security

Frontend: React.js, Tailwind CSS

Databases & Caching: MongoDB, Mongoose, Redis

Cloud & DevOps: AWS (S3, CloudFront, EC2), GitHub Actions, CI/CD, Nginx, PM2

Tools & Integrations: Git, GitHub, Postman, Razorpay

Core CS: Data Structures & Algorithms, Database Management Systems (DBMS), Operating Systems, Computer Networks, Object-Oriented Programming

PROJECTS

MeatTap  [Repository](#) | *React.js, Node.js, Express.js, MongoDB, AWS (S3, CloudFront), Razorpay*

- Designed and developed a **multi-tenant QR-based food ordering platform** enabling customers to browse menus and place orders directly from restaurant tables.
- Implemented **JWT authentication**, **Redis-based rate limiting**, **API security**, and **Razorpay payment integration** to ensure secure and reliable transactions.
- Built and deployed the application on **AWS** with **automated CI/CD pipelines**, enabling **scalable, production deployment**.

Secret Manager  [Repository](#) | *React.js, Node.js, Express.js, MongoDB, JWT, Argon2, Tailwind CS*

- Developed a **secure credential management platform** enabling users to store and manage sensitive account credentials through a centralized dashboard.
- Implemented **JWT authentication**, **Argon2 password hashing**, **input validation**, and protected REST APIs using **Express Validator** to ensure secure access and data integrity.
- Enhanced application security using **Helmet**, **rate limiting**, and **MongoDB sanitization**, mitigating common web vulnerabilities and unauthorized access attempts.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering

IES College of Technology, Bhopal

Aug 2023 – Present

CGPA: **7.96/10**

Higher Secondary (Class XII - PCM)

MG Inter College, Gorakhpur

Aug 2021 – Mar 2023

Percentage: **81.4%**

Achievements

- Additional information:** Solved **100+ Data Structures and Algorithms problems** on **GeeksforGeeks** using **Java**.
- Certificate** : Responsive Web Design by **Frontend Mentor**.
